## How are monthly premiums paid?

Monthly premiums are payable in arrears and calculated as a percentage of an insured employee's total income. The percentage used is agreed between Hannover and Coverforce and will be provided to You before You become a participating employer. Premiums for the previous month are due by the 15th day of the subsequent month.

Before the first business day of each month Coverforce will request the prior month's payroll information from You in electronic format. The information should be easily obtainable from Your payroll system and downloaded to an excel spreadsheet.

The information will reflect the payroll history of the prior month and will be used to determine the total premium payable. Within 48 hours of Coverforce receiving Your payroll information You will be issued a WageCare monthly premium statement.

The WageCare monthly premium statement sets out:

- > employees covered under WageCare;
- > period of coverage;
- > type of coverage including any special conditions or policy endorsements;
- > amount of premium due;
- > due date for payment; and
- > payment instructions;

The premium payable is calculated as a percentage of Your employees' salaries and the number of eligible employees insured. If You do not pay the premium when due then cover may cease and Your employees may not be covered by WageCare.

## Important Notice Regarding Non-Payment of Instalment Premiums

If at the time of making a claim under this Policy it is found that the instalment premium has remained unpaid for a period of thirty (30) days or more past the Premium Due date, then You or an Insured Person will not be able to make a claim under this Policy. If premiums remain in arrears for a further period of thirty (30) days or more the We may cancel this Policy immediately by giving You written notice.
